

ROAD CONSTRUCTION

CONSTRUCTION EXPECTED **MAY 11TH**
SEE THE MAP BELOW FOR IMPACTED AREA

This road construction is for connecting utilities to the new addition that was added onto Sartell Pediatrics across the street from our clinic.

We *anticipate* one lane in front of the clinic will remain open to allow traffic to Williams Integracare without detour. We are not yet able to confirm this, but in the past, they have left one lane open with a construction worker directing traffic.
